

Branded Face Masks

Range of face masks available with and without filters

Material: 100% skin friendly cotton internal layer & polyester outsider layer. Soft spandex strap in White or black. One size fits all. Full colour digital branding. Packed into an individual polybag.

The mask itself is washable. We can also supply with KN95 filter, which is not washable. You take the filter out before washing (Cold wash by hand or by machine- more than 100 washes). Longevity of filter - depends on use. We can include replacement filters for you to replace at additional cost in the polybag. Washing instructions tag included. (Not suitable for hospitals or medical use.)
